BUSINESS ADMINISTRATION

Program Description
This department offers occupational and professional programs in business, which meet the needs of students planning to: obtain immediate employment, retrain, earn a degree, transfer to a four-year college or university, or take courses to enhance their understanding of the environment in which they work and live.

Business Administration courses (Business Administration, Business Law, Legal Environment of Business, Management, Leadership, Business Mathematics, Real Estate and Entrepreneurship) give students general business knowledge in managerial controls, economics of business, human resources (personnel), labor relations, business risks, interaction of government and business law, production and distribution. They provide the foundations for areas of specialization, such as accounting, finance, management, marketing and entrepreneurship.

Management courses prepare students to be small business managers or lead toward a career in management of a larger firm. These courses provide an existing manager with new insights and training, career advancement opportunities, offer new career possibilities to the younger student, or a chance to change careers for the older student.

The Real Estate Program is designed to prepare students for professional certification as real estate salespeople and real estate brokers. All courses are taught by practicing real estate professionals with strong academic backgrounds, extensive practical experience and local community service. These courses are valuable for real estate investors, developers, appraisers, escrow officers and property managers. Attractive opportunities for careers in these areas exist in Santa Barbara. All of the Real Estate courses are designed to satisfy California’s real estate licensing requirements.

The entrepreneurship courses are designed to enable new and existing entrepreneurs to successfully launch a new business or sustain and grow an existing business. Students learn how to identify, assess and develop a new venture, acquire the necessary resources to launch a new venture, and build a collaborative team capable of managing a new venture.

Scheinfeld Center for Entrepreneurship & Innovation
Scheinfeld.sbcc.edu (http://www.Scheinfeld.sbcc.edu)

Under the aegis of the Business Administration Department, the Scheinfeld Center for Entrepreneurship & Innovation is where students from any discipline can access the tools, resources and mentorship needed to start or grow their business. The Scheinfeld Center supplements the Business Administration courses in Entrepreneurship with an entrepreneurial internship program, the Enlightened Entrepreneurship Speaker Series, and the regional New Venture Challenge business plan and pitch competition. The Scheinfeld Center hosts the Small Business Development Center (SBDC) of Santa Barbara, which provides no-cost business consulting to students and the community. Additionally the Scheinfeld Center hosts the Center for International Trade and Development (CITD) to assist businesses with international expansion through importing and exporting. The Scheinfeld Center is located in BC-220 and is open Monday through Friday, with scheduled and drop-in appointments available.

Program Cost and Outcome
For planning purposes, the website below provides information on the cost of attendance, program length (assuming a student attends full-time), financing options and historical student completion rates: http://www.sbcc.edu/financialaid/gainfulemployment
