

DIGITAL VISUAL FOUNDATION, SKILLS COMPETENCY AWARD (SCA)

Overview

Graphic Design offers a Skills Competency Award in Digital Visual Foundation. This award provides essential knowledge, processes, principles and skills for visual design and production for print and visual media. The student is introduced to key 21st Century digital skills needed to be successful in the media arts. This award can work well as a stand-alone award, or as the basis for study in graphic design, multimedia, visual media production or other areas.

Requirements

Skills Competency Award Requirements

Complete all department requirements with a "C" or higher or "P" in each course. Candidates for a Skills Competency Award are required to complete at least 20% of the department requirements through SBCC.

Code	Title	Units
Department Requirements		
GDP 110	Media Design	3
GDP 111	Introduction to Graphic Design	3
GDP 112	Digital Literacy for Media Artists and Designers	3
MAT 112	Digital Drawing	3
MAT 131	Digital Imaging I	3
Total Units		15.00

Learning Outcomes

1. Apply the iterative design process using elements and principles of visual design.
2. Identify and apply the theory and practice of interaction design, visualization and software art through introductory programming languages.
3. Demonstrate awareness of computer tools and processes used in visual design.
4. Analyze and critique visual design work in verbal and written form.
